4. CONSIDERATION: Indian Valley Reservoir Hydroelectric Rehabilitation Project

General Manager O'Halloran introduced Facilities Supervisor Anthony Lopez and the Indian Valley Reservoir Hydroelectric Rehabilitation Project (Project). Lopez reported the District's consulting engineer, Matt Gass, assisted the District in the initial development of the project scope and the process for soliciting bids from qualified California contractors via a Request for Proposal (RFP). The Project includes labor, materials, supplies, tools, and equipment to perform disassembly, inspection, and repair of selected internal components, and reassembly of two 1,400kW Francis-type turbine generators. The scope of work entails 1) performing visual inspection and megger testing to determine what level of maintenance is needed, 2) disassembling and cleaning the units, 3) shipping unit components to appropriate shop locations, 4) reporting on turbine inspection results and recommendations, 5) completing turbine and generator maintenance services, 6) transporting and reassembling equipment back on-site, and 7) commissioning units with pre-operational checks. After reviewing proposals, the District selected Canyon Hydro, Canyon Industries, Incorporated to assist the District in completing the maintenance project. The Project is expected to cost about \$1.5M and will be completed in time for the 2021 irrigation season.

O'Halloran reported on the return on investment for rehabilitating the Indian Valley Reservoir Hydroelectric Facility by comparing the annual income received from hydropower operations to the amortized cost of the Project. The District will be considering available financing options, if needed.

Chair Mayer requested a breakdown of the Project costs. Lopez reported the Contractors' work is estimated to cost up to \$800,000 based on what is determined in testing the units, the remaining cost estimate includes consulting, staff time, and a significant contingency for unexpected circumstances.

Chair Mayer also requested a monthly Board update on the Project.

Staff recommended the Board authorize the General Manager, or his designee, to enter into an agreement with Canyon Hydro, Canyon Industries, Incorporated for completion of the Indian Valley Reservoir Hydroelectric Rehabilitation Project.

M/S/C authorized the General Manager, or his designee, to enter into an agreement with Canyon Hydro, Canyon Industries, Incorporated for completion of the Indian Valley Reservoir Hydroelectric Rehabilitation Project.

Ayes: Directors Barth, Kimball, Mayer, Rominger, and Vink

Noes: None

Absent: None

Abstain: None

5. PRESENTATION: Update on Water Use Agreements in the Cache Creek Watershed

General Manager O'Halloran provided a brief report on the water use agreements that the District has within the Cache Creek watershed. O'Halloran reported on the upcoming renewal of a few of the water use agreements around Clear Lake and the need to reconvene the Clear Lake Ad Hoc Committee. He informed the Board that the Ad Hoc Committee had met the previous day to discuss a plan for the upcoming agreement renewals and the Committee decided on a 2-year interim renewal term while District staff, Legal Counsel, and relevant consultant staff develop an updated list of agreement terms for long-term renewal.

Director Rominger stressed the importance of this work to defend the District's water rights.

O'Halloran requested that the strategic priorities related to decision-making for the water use agreements be discussed at future Board meetings in closed session.

6. PRESENTATION: Update on the YSGA's Development of the Yolo Subbasin GSP

Assistant General Manager Sicke provided an update on the YSGA's development of the Yolo Subbasin GSP. She reported on recent YSGA Technical Advisory Committee, Working Group, and Board of Directors' meetings that had occurred and briefed the Board on upcoming Management Area workshops and draft GSP chapter availability.

7. DIRECTORS' REPORTS

Directors Rominger and Barth reported they had participated in the Clear Lake Ad Hoc Committee meeting on October 5, 2020. Director Barth also reported he had participated in the numerous YSGA and WRA meetings. Chair Mayer reported on NCWA's Conservation Taskforce efforts and Senator Dodd's upcoming fundraiser.

8. ATTORNEY'S REPORTS

Legal Counsel Ramos did not have anything to report.

BACKGROUND:

The District has an Annexation Policy that sets forth the procedures for making an application for annexation, and the costs, terms, and conditions to which the application is subject. The policy states that applications for annexation are considered by the District on a case-by-case basis, and that approval occurs only after the Board of Directors has determined that the proposed annexation is in the best interests of the District and its landowners. District staff have received a request for approximately 2,000 acres to be annexed into the District in anticipation of service occurring in the 2021 irrigation season.

District staff will provide an overview of the District’s Annexation Policy and additional details on the properties that are currently requesting annexation into the District’s service area.

RECOMMENDATION:

This agenda item is for informational purposes only. No Board action is required.
