During the month of May, District staff have continued to work with FEMA to provide documentation for reimbursement of funding expenses related to storm damages. The majority of canal system improvements were completed by May 1, 2023 with a few outstanding mitigation projects still to be completed at the end of the 2023 irrigation season.

5. PRESENTATION: Climate Action and Adaptation Planning in Yolo County

General Manager Sicke introduced Yolo County’s Sustainability Manager Kristen Wraithwall who proceeded to present on the goals and objectives of the [2030 Climate Action and Adaptation Plan \(CAAP\)](#).

The Yolo County Climate Action Commission (YCCAC) is charged with guiding the development and implementation of a 2030 CAAP that will chart a path toward achieving a Countywide goal of reaching net-negative Carbon emissions by 2030, and ensuring vulnerable, marginalized, and historically underserved communities are centered in the process. Wraithwall explained that net-negative Carbon emissions means that the community of Yolo County will remove more Carbon from the atmosphere than we produce; reducing emissions while supporting practices that increase the amount of Carbon stored in our soils (known as Carbon sequestration). Wraithwall informed the Board that as an update to the [County’s 2011 Climate Action Plan](#) the 2030 CAAP will include an expanded section on the role of farms, ranches, and natural lands as part of the solution to climate change. The Yolo County Resource Conservation District is leading the *Natural and Working Lands Technical Advisory Committee* to ensure the agricultural community is well represented and has a strong voice in the process, and that feedback is solicited from the Yolo County agricultural community via online and paper surveys. The survey is anticipated to take less than 10 minutes and can be accessed [here](#) until October 13, 2023. Wraithwall stressed the importance of grower participation in the survey to inform CAAP implementation actions.

Wraithwall informed the Board that the final CAAP was anticipated to be available by June or July of 2024, and that the County is currently looking for eligible grant programs to implement the actions and sustain the program into the future.

Director Mayer suggested that the County consider elevating both drought and flood periods as in the future there will likely be more acute impacts and it will be necessary to mitigate extreme climate events. He suggested focusing on common shared strategies and capturing water when its available (excess storm flows) for recharge and recovery of the groundwater aquifer (to build up the drought reserve). He also mentioned that low-hanging fruit for the County would be to focus on prioritizing and incentivizing local drainage solutions and cleaning of the sloughs and natural drainage features.

The Directors thanked Wraithwall for her time in presenting and asked her to please let the District know how we can help.

8. GENERAL MANAGER'S REPORT

General Manager Sicke provided reports on the following:

- a) Operations, Maintenance, and Water Conditions – Algae growth continued to result in issues with consistent delivery as growth and accumulation of algae in Cache Creek resulted in the plugging of trash racks and the headworks of Capay Dam.
- b) Financial Report Summary – Highlights from the June 30, 2023 Financial Statements Report were reviewed along with the preliminary projection of the end of FY 2023/2024 Budget. Sicke reported that preliminary June 2023 water sales were approximately 24,000 AF, which was less than 2019 and 2017 irrigation seasons sales. The late spring rains resulted in a slow start to the irrigation season, and the algae issues in June proved to be challenging.

- c) Capital Improvement Program – An update on the planning activities related to capital projects was provided.
- d) YSGA Update – An update on Yolo Subbasin Groundwater Agency’s *2022 Yolo Subbasin Groundwater Sustainability Plan* implementation activities was provided.
- e) General Activities – A list of outreach activities and projects (in-house and coordinated with other agencies) was reviewed.
